

THE UNIVERSITY of NORTH CAROLINA
GREENSBORO

ATTENTION KIDS!!

Scientists at UNCG are recruiting children to do an exercise research study.

Who can participate? We are looking for English speaking, right handed, 9-12-year-old male and female children, without serious medical conditions, who can run and do exercise.

What will you do? You will visit our lab at UNCG on three separate days for 1.5 hours each day. You will either exercise or rest and then do a task on a computer while we scan your brain.

Will you get paid? Yes! All children who participate will receive a **\$10 Amazon.com Gift card** after each visit to the lab (**\$30 total**).

**If you are interested, please contact:
Dr. Drollette, esdrolle@uncg.edu or 336-334-3886**
